

Key investor information document

This document provides you with key investor information about the FCPE. It is not marketing material. The information that it contains is required by law to help you understand the nature and the risks of investing in this FCPE. You are advised to read this document so you can make an informed decision about whether to invest.

CASTOR INTERNATIONAL

AMF Code: (C) 990000092379

This employee shareholding fund (FCPE) is managed by Amundi,
an Amundi Group company

Employee shareholding fund governed by French law

Investment objectives and investment policy

AMF (the French Financial Markets Authority) classification: FCPE invested in the Company's own publicly traded securities. By subscribing to CASTOR INTERNATIONAL, you invest in shares of your Company.

The FCPE's objective is to seek long-term performance, which will vary in line with fluctuations, both upward and downward, in your Company share price.

To this end, the management team invests:

- between 98% and 100% in VINCI shares;
- between 0% and 2% in shares or units of general-purpose *Organismes de placement collectif en valeurs mobilières* (French undertakings for collective investment in transferable securities, or "OPCVMs") classified as invested in money market instruments.

Net income from the FCPE is fully reinvested.

You may request redemption of your units each day. Redemption requests are processed daily, as described in the FCPE Regulations.

Recommended investment period: five years. The recommended investment period does not include the lock-in period when your savings are unavailable, except in case of an early unblocking event, as specified in the FCPE Regulations.

Risk and reward profile

The significant risk associated with the FCPE, not included in the indicator, is the following:

- Counterparty risk: this is the risk of a market participant defaulting on its financial obligations towards your portfolio.

If this risk materialises, it could have an adverse effect on the portfolio's net asset value.

This fund's level of risk reflects, on one hand, the risk of the company securities to which it is exposed and, on the other hand, the low level of diversification of your investment.

The historical data used to calculate this numerical risk indicator may not be a reliable indication of the FCPE's future risk profile.

The risk category associated with this FCPE cannot be guaranteed and may change over time.

The lowest category does not mean "risk free". The initial investment is not guaranteed.

Expenses

The expenses and commissions paid cover the operating costs of the employee shareholding fund invested in VINCI shares, including the distribution cost of units. These expenses reduce the potential growth of the investments.

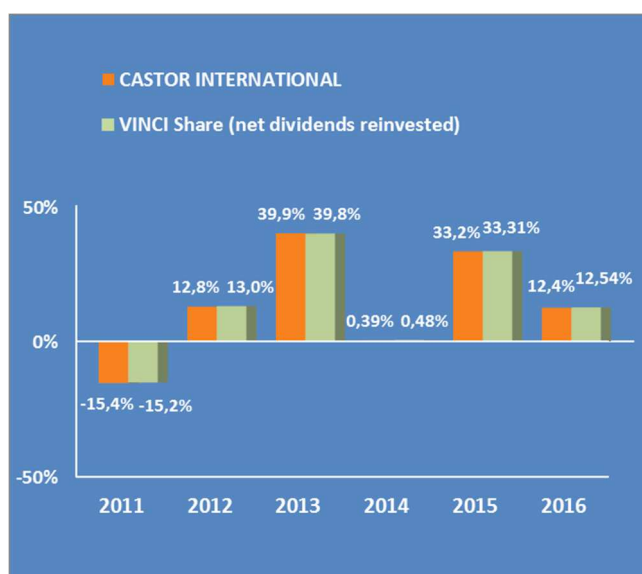

One-time subscription and redemption fees	
Exit fee	None
Entry fee	None
These rates correspond to the maximum percentage that can be deducted from your capital before it is invested (entry) or refunded (exit).	
Charges paid during the year	
Ongoing expenses	0.08% of average net assets
Charges to be borne by the FCPE under specific circumstances	
Performance fees	None

Ongoing expenses are based on amounts from the previous year, ended 31 December 2015. This percentage may vary from one year to another. It excludes:

- intermediation costs, excluding entry and exit fees paid by the FCPE when buying or selling units of another FCPE.

For more information on the expenses incurred by this FCPE, please refer to "ARTICLE 16 - FCPE administration and management expenses" of the FCPE Regulations available at www.amundi-ee.com.
