This document provides you with key investor information about the FCPE. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this FCPE. You are advised to read this document so you can make an informed decision about whether to invest.

CASTOR INTERNATIONAL No. 1 a compartment of the CASTOR INTERNATIONAL FCPE

AMF Code: (C) 990000092379

This collective employee shareholding vehicle (FCPE) is managed by Amundi,
an Amundi Group company

This is a non-regulated FCPE, subject to French law

Investment objectives and investment policy

AMF (the French Financial Markets Authority) classification: FCPE invested in the Company's own publicly traded securities.

By subscribing to the Castor International No.1 Compartment of the Castor International FCPE, you invest in shares of your Company.

The FCPE's objective is to seek long-term performance, which will vary in line with fluctuations, both upward and downward, in your Company share price.

To this end, the management team invests:

- between 90% and 100% in VINCI shares;
- between 0% and 10% in shares or units of general-purpose *Organismes de Placement Collectif en Valeurs Mobilières* (French undertakings for collective investment in transferable securities, or "OPCVMs") classified as invested in money market instruments.

Net income from the FCPE is fully reinvested.

You may redeem your units on a weekly basis, as described in the Compartment's Regulations.

Recommended investment period: five years. The recommended investment period does not include the lock-in period when your savings are unavailable, except in case of an early unblocking event, as specified in the Regulations.

Risk and reward profile

The risk level of the FCPE reflects the risk of the security to which it will be exposed and the lack of diversification of your investment.

The historical data used to calculate this numerical risk indicator may not be a reliable indication of the FCPE's future risk profile.

The risk category associated with this FCPE cannot be guaranteed and may change over time.

The lowest category does not mean "risk free".

The initial investment is not guaranteed.

Significant risks to the FCPE not included in the indicator are:

- liquidity risk: in the specific case where trading volumes in financial markets are very low, any purchase or sale transaction may result in significant market fluctuations;
- counterparty risk: this is the risk of a market participant defaulting on its financial obligations towards your portfolio.

If any of these risks materialises, it could have an adverse effect on the portfolio's net asset value.

Expenses

Fees and commissions paid cover the costs of operating the FCPE, including the cost to market and distribute the units. These costs reduce the potential growth of the investments.

One-time subscription and redemption fees		Ongoing expenses are based on amounts from the previous year, ended 31 December 2010. This percentage may vary from one year to another. It excludes: <ul style="list-style-type: none"> • intermediation costs, excluding entry and exit fees paid by the FCPE when buying or selling units of another FCPE.
